

NOTICE OF PUBLIC WORKSHOP

TAKING THE WASTE OUT OF WASTEWATER

The Regional Municipality of York (York Region) has identified a Water Reclamation Centre with additional infrastructure as the preferred alternative to address the future sewage servicing needs of the Towns of Aurora, East Gwillimbury and Newmarket. A Water Reclamation Centre would treat wastewater from approved growth in East Gwillimbury and a portion of Newmarket in the Lake Simcoe watershed, using environmentally sustainable wastewater purification and water recycling technologies.

Wastewater from approved growth in Aurora and the remainder of Newmarket would be conveyed to the existing York Durham Sewage System (YDSS) for treatment and discharge to Lake Ontario, requiring additional infrastructure in Aurora and Newmarket.

PLEASE JOIN US!

Over a light supper, mini presentations and roundtable discussions, learn about the site requirements for a Water Reclamation Centre and additional infrastructure and tell us what is important to you about identifying an appropriate site.

- ☞ Learn about the site requirements for a Water Reclamation Centre
- ☞ Find out about the process for determining and assessing potential candidate sites
- ☞ Participate in the discussion of criteria used to select a short list of candidate sites
- ☞ Learn about *water reclamation in action* at a demonstration facility
- ☞ Learn about other aspects of the project, including additional infrastructure as part of the YDSS

PARTICIPATE IN THIS IMPORTANT WORKSHOP!

Wednesday, December 14, 2011
Arrive at 6 p.m. for an
Open House and light supper
Workshop: 6:30 to 9 p.m.

★ Holland Landing Community Centre
 19513 Yonge Street, Holland Landing, Ontario ♿

If you require accommodation to fully participate in this meeting, please contact York Region at 905-830-4444, ext. 5098.

WE WOULD APPRECIATE YOUR REGISTRATION BY DECEMBER 7, 2011, TO:

UPPER YORK SEWAGE SOLUTIONS PROJECT OFFICE
 ADRIAN COOMBS, P. ENG., SENIOR PROJECT MANAGER
